LUKE 2:41-47

This week we will be starting a new and somewhat different sermon series. We will begin the sermon time with interviews with some members of our church. This week Joel Figueroa will be interviewing some of our youth. We want to see how this time of isolation has impacted their faith and their lives.

Sometimes we hear people say that our youth are our future. They are not just our future, they are our present. Many of them have grown up in the church and have learned from their parents, their Sunday School teachers and now their youth leaders. How has what they have learned enabled them to deal with life today?

My brief sermonette will draw from the above scripture where Jesus confounded not just his parents but the teachers and leaders in the temple. We will seek to discern what we all can learn from our young people.

Next week, Reverend Cathy will interview some of those who are working on the front lines battling the corona virus.

We hope you will join us online at phumc.net or on [Facebook](https://www.facebook.com/phumc).

With love and prayers,
Sharon
